# Call for funding for Patient Friendly Initiatives 2020 / 2021

Patient Friendly Committee & RBWH Foundation

## About

The Patient Friendly Committee is committed to identifying and actioning and/or advising RBWH Executive on improving the hospital environment and experience for all patients, particularly the elderly, and their visitors.

The Patient Friendly Committee:

- Oversee environmental audits and make recommendations to improve environment based on evidence-based principles for elderly/dementia friendly environments.
- Oversee elderly/ dementia friendly design principles for RBWH
- Engage with patients/visitors and staff regarding improvements to make hospital more patient and visitor friendly.
- Makes recommendations to Executive for purchase related to the purpose of the group.

The RBWH Foundation is providing \$50,000 to use for Patient Friendly initiatives for 2020/2021.

## Criteria for funding for Patient Friendly Initiatives

- Would not otherwise be funded more appropriately operationally or from research and education funding sources.
- High impact / reach of patient and visitors
